

Zyn Task series

ZYN™ Task awakens even more benefits of mindfulness and concentration to the workplace while providing the user with all of the very best features in ergonomic design and adjustments. The key to the comfort of the seating begins with the ergonomically correct shaped seat combined with various task style mechanisms and a variety of options and fin-

ishes that make ZYN Task the right chair for practically any project. The back achieves the correct balance in design, material selection and comfort with its curvilinear shaped back which wraps around the user for that perfect supportive fit. The back height can be easily adjusted from a seated position.

ZYN Task is available in three distinctive back heights for a personalized fit that complements most body sizes and types.

The seating has applications ranging from a simple swivel tilt mechanisms for conference and training to synchro and asynchronous mechs with or without seat sliders for busy executives and management personnel.

There are two base styles available on Zyn Task; molded nylon (black only) or the very stylish metal base which is available in eleven metal finishes including chrome, the most durable of all metal finishes.

Fixed, height and width adjustable arms are available for various uses including task, training, executive or conferencing. Mechanisms are avail-

able in five distinctive options: synchro-tilt, synchro-tilt with seat slide, asynchronous, asynchronous with seat slider and a swivel-tilt version. Last but not least, ZYN's guest chair has a playful one-of-a-kind rocking motion for a comfortable guest seating experience. The popular Zyn guest chair is a welcome addition to any office setting. The ZYN guest chair frame

available in any of the eleven metal finishes and it can be used in conjunction with the Task Seating or as a stand-alone line for any public area or training environment.
